2. The Detachment's duties are Interior Guard, Traffic and Gate, and Town Patrol in nearby cities.  - c. Blouses being worn unbuttoned.
 - d. Riding bicycles with the cap placed beneath the blouse shoulder strap.
3. Since organizing the Town Patrol, it is obvious that the foregoing breaches have decreased considerably. The first month brought about many arrests and reports of violations, but since that time the presence of Military Policemen has impressed the EM to such an extent that they are conscious of Military Discipline and regulations, thereby, reducing arrests and violations.
4. Chronological changes are as follows:

11 September 1944 - T/5 Michael A Riney went on furlough to Edinburgh, Scotland, for seven (7) days.

17 September 1944 - Pvt Perry A DeMent went from duty to sk in qrs LD until 23 September 1944 at which time he reported back to duty.

5 October 1944 - Sgt George H Shook went on furlough to Blackpool for seven (7) days, and is due to report back to duty on 12 October 1944.

5. The month of September 1944 was a very favorable month for the Detachment, with regards to changes, such as: no NLD occurrences, no confinements. There has been no NLD cases since 21 June 1944 and no confinements since 22 June 1944. However, on 29 September 1944 Pvt George T Maynard was given three (3) days extra fatigue duty for overstaying Class "B" pass; and on 9 October 1944 Pvt Elwood D Lehmer was given three (3) days extra fatigue duty for overstaying Class "B" pass.

- b. Military Courtesy.
- c. Instruction on the Gas Mask.
- d. Tent Pitching.
- e. Venereal Disease Control.
- f. Group Discussion.

8. At the present there have been two incidents whereby members of this Detachment have married British Subjects, of these, one occurred this month, 9 October 1944, Pvt Charles R Colby and Miss Margaret J Bullough, of 503 Buxton Road, Hazel Grove, Cheshire, England were married in Hazel Grove. T/5 Ivan L Harris, also of this Detachment, served as best man. The couple had been keeping regular company for approximately nine (9) months.  - 17 October 1944 - Pvt John J Heller went from duty to sick LD, 10th Station Hospital, APO 507, due to broken finger. Soldier has not returned to duty and apparently some time will pass before his return.

Det History Contd.

19 October 1944 - Pvt Louis J Filipek went from duty to sick in quarters LD, and returned to duty on 24 October 1944. Soldier underwent an operation for hemorrhoid.

21 October 1944 - Pvt Edward M Stocks went from duty to furlough seven (7) days to Blackpool, and returned to duty on 28 October 1944.

27 October 1944 - 1st Sgt Robert J Lyman went from duty to DS, London, Eng. for the purpose of returning recovered vehicle to SHAHF, per par 10, Special Order #138, Hq AAF-571, APO 635, Dated 26 October 1944, left Detachment 1730 hours and returned to duty 1200 hours, 30 October 1944.

29 October 1944 - Pvt John B Licitra went from duty to confinement 2245 hours after being found sleeping on post #3, at hospital, this Station, by Officer of the Day, Lt Buxton, and Station Inspector, Capt Hammer.. Soldier is still in confinement awaiting trial by General Courts-Martial for 86th Article of War.

5. The month of October 1944 was a very favorable month for the Detachment, except for the incident of Pvt Licitra sleeping on post. No NLD cases occurred, and have not occurred since 21 June 1944. There was no Company Punishment awarded, which is a favorable improvement over months of the past, also, at no time during the month did any one overstay their Class "B" pass.

6. On 24 and 25 October 1944 the Detachment was very busy checking on all U.S. Army personnel for A.W.O.L. Eight men patrolled Macclesfield, Bollington, Prestbury, Knutsford, Poynton, Hazel Grove, Bramhall, Wilmslow, Stockport, Cheshire Hulme, and Levenshulme. 2d Lt Morledge, 1st Sgt Lyman, and Sgt Hamff also patrolled, making contact between the different patrols. One A.W.O.L. was apprehended. It is assumed that all personnel had knowledge of the drive, which caused such a small total to be apprehended.

7. A drive on Soldier's Savings was conducted during the latter part of October. Results were very impressive, 100% of the Detachment personnel, who were saving less than one-half of their monthly pay, increased their savings thru one of the following: Class "B" allotment, Class "F" allotment, and Soldier's Deposits. All seem enthused over the thought of having several hundred or a thousand dollars saved for the day of discharge from the army.

8. Morale has gone upward since Christmas packages are arriving. It is obvious that everyone looks forward to some sort of word or thought from the loved ones back home. However, incoming letters have decreased since packages are arriving.

9. The Detachment for the past month has continued it's training program, consisting of:

- | | |
|----------------------|---------------------------------|
| a. Close Order Drill | c. Instruction on the Gas Mask. |
| b. Military Courtesy | d. Tent Pitching. |

CHRONOLOGICAL HISTORY OF DET "A" 890TH MP CO AVN (AUG), AAF-571, APO 635

1. Under the provisions of AR 345-105, published 18 November 1929, a complete history of Det "A" 890th MP Co Avn (Aug) is compiled, from 1 December 1944 to 31 December 1944.

2. Present duties, as in the past, are Interior Guard, Traffic and Gate, and Town Patrol in nearby cities, to wit: Stockport, Hazel Grove, Poynton, and Macclesfield, Cheshire, England. Due to Tank, and Tank Destroyer Units being temporarily billeted in the latter; town patrol has been temporarily retracted from Macclesfield inasmuch as said units are furnishing military police for the purpose of controlling personnel in that area. Former town patrol supplied by this detachment is controlling personnel from this station in remaining cities mentioned above.

3. Town Patrol and Gate Guards are performing close observation for AWOL's and unofficial makeshift passes which, in many instances, are being used in this theater. Three AWOL's were apprehended in a nearby city when they produced unofficial passes. Passes had obviously been altered.
